During the Signature Control, without leaving the stage, cyclists will have the option to voluntarily wear a green armband as a symbol of the International Day of the Fight Against Cancer. We appreciate your cooperation in wearing it during the race. More information can be found in the attached annex.

Before the start of the Stage 5, a tribute for those who have been affected by DANA will be held. For this reason, all cyclists are requested to be at the starting line exactly at 14:45, properly positioned.

Buenos días y feliz año 2025.

Desde la **Asociación Española Contra el Cáncer** nos ponemos en contacto con vosotros para solicitar vuestra colaboración para ayudarnos a visibilizar el 4 de febrero, Día Mundial contra el Cáncer.

Partiendo de nuestra campaña #TodosContraElCancer, que tiene el gran reto de involucrar a la sociedad española para aumentar al 70% la tasa de supervivencia en cáncer en 2030, queremos darle otro sentido a los eventos deportivos del mes de febrero. Porque, en un mes en el que todos los esfuerzos y todas las miradas deberían estar en cómo conseguir la supervivencia a la enfermedad, muchas miradas van a estar en otro lugar: el deporte.

Este año queremos **canalizar la rivalidad entre deportes, equipos y aficiones** hacia algo en lo que todos estemos de acuerdo, en la supervivencia del cáncer. Por eso planteamos que los deportistas luzcan en las diferentes competiciones **un brazalete en este caso, verde en lugar de negro**, para simbolizar la esperanza que tenemos para conseguir que la supervivencia de esta enfermedad llegue al 70%.

Un brazalete verde, que os hacemos llegar **para que la jornada del 9 de febrero la llegada de la VCV – Volta a la Comunitat Valenciana sea un reflejo real de nuestro lema: #TodosContraElCancer.**

Nos gustaría realmente contar con vosotros esta jornada.

Muchas gracias por vuestra ayuda,

Asociación Española Contra el Cáncer

Good morning and happy New Year 2025,

On behalf of the **Spanish Association Against Cancer**, we are reaching out to request your collaboration in helping us raise awareness on February 4th, World Cancer Day. #TodosContraElCancer campaign has the ambitious goal of involving Spanish society to increase the cancer survival rate to 70% by 2030. With this goal in mind, we want to give a new meaning to sporting events held in February. This because in February the focus is mainly on sporting events, instead of building awareness on how to enhance survival opportunities from this disease.

This year, we want to **channel the rivalry between different sports, teams, and fans** towards something we can all agree on - cancer survival. Therefore, we propose that during the month of February **athletes wear a green armband**, instead of a black one, during various competitions to symbolize the hope we have in achieving a 70% survival rate for this disease.

We will send to you a green armband, **to be worn during the stage of February 9th of the VCV – Volta a la Comunitat Valenciana, to give awareness to our motto: #TodosContraElCancer.**

We would be truly grateful to count on your support during this event.

Thank you very much for your help.

Spanish Association Against Cancer
